GLEN SAINT MARY NURSERIES

G. L. TABER, Proprietor

H. HAROLD HUME, Sec. and Mgr.

GLEN SAINT MARY, FLA., *Nov. 15, 1906.*

Greeting:

This is a brief handy list of our nursery stock with sizes and prices made up from our large, descriptive catalogue for 1907.

A copy of this catalogue, describing the varieties of fruit trees, shade trees and ornamentals we carry, should be in your hands. It will give you full information in regard to the trees and plants we have in stock and contains a large number of beautiful illustrations.

In our nursery work it is our constant aim to grow good stock. We control our own sources of propagating wood, we do not purchase it anywhere and everywhere, and we take all possible precautions to have our stock true to name. Our prices are low, as low as is compatible with the production of good nursery trees.

Write us for the fruit trees, shade trees, roses, ornamental shrubs and vines you want to plant, and assuring you that your orders will have our prompt and careful attention, we are,

Sincerely yours,

GLEN SAINT MARY NURSERIES.

Terms of Business

Location—Our Nurseries are one and one-half miles southwest of Glen Saint Mary, Baker county, Florida, a station on the Seaboard Air Line Railway, thirty miles west of Jacksonville.

Long Distance Telephone in our office.

Glen Saint Mary is a freight, express and telegraph station.

Invitation to Visitors—We take pleasure in showing our stock to persons wishing to purchase, and, if notified in time, will meet visitors at the station on arrival.

No Agents—We employ no agents, and have no connection with any other nursery. No one is authorized to represent us or to sell stock for us. Trees sold to dealers must be resold by them upon their own responsibility. We are responsible only to parties purchasing direct from our Nurseries.

Club Orders—Neighbors can sometimes club together and have one of their number place order for all, thus often securing lower prices on account of larger number of trees ordered.

Minimum Orders—We do not care to accept orders amounting to less than \$2.

Applying Prices—Five, fifty and five hundred trees of one class at ten, hundred and thousand rates, respectively, purchaser's selection from varieties of one fruit having a common price. For instance, fifty or more peaches, in one or more varieties, would come at the hundred rate, and five hundred or more at the thousand rate. The foregoing does not apply to badly assorted orders, or to long lists made up of a few each of many varieties.

Terms cash with order, if for immediate shipment. Orders for trees to be held for some weeks after the shipping season opens should also be accompanied by full payment. On orders booked in advance of the shipping season 25 per cent down, with the balance due when the shipping season opens. We do not care to ship trees C. O. D.

Remittances—To secure safety and prompt acceptance, remittances should be made by Bank Draft, Express or Post Office Money Order, Registered Letter or prepaid Express.

Freight Prepaid—To points in Florida, on orders amounting to \$5 or over; and to points in Alabama, Georgia, Louisiana, Mississippi, South Carolina and Texas, on orders amounting to \$10 or over we will prepay freight. To points within the United States, outside of those above-mentioned, we will, in lieu of prepaying freight, allow a discount of 5 per cent on orders of \$10 or over. The conditions of this offer are, that orders shall be figured at prices in this Catalogue and that trees or plants be paid for in full before shipment. Orders conforming to above terms, but for express shipment, will be forwarded collect and allowance made on invoice for amount freight would have come to. This freight-prepaid offer does not apply to foreign countries, as packing for foreign shipment is more expensive.

Transportation at Purchaser's Risk—Our responsibility ceases upon delivery in good order to forwarding companies; claims for loss or damage in transit should be made upon the latter. We will, however, start a tracer for delayed shipments, if notified, and use every means at our command to secure prompt delivery.

Shipping by Mail—In ordering trees or plants for shipment by mail, add 15 per cent to the list price on the smallest size given, to cover cost of packing and postage. We cannot guarantee trees to come up to size specified in list, as only very small specimens can be sent in this way.

Time of Shipment—Unless instructed otherwise, orders received during the shipping season will be forwarded as soon after their receipt as possible, and orders booked in advance will be shipped as soon as may be after the shipping season opens.

The Shipping Season—November to March for all trees and plants. Citrus trees can, however, be shipped at any

season of year, but, when forwarded during summer months, should be shipped by express.

Selecting Varieties suited to locality is of the first importance, and can often be more advantageously done by ourselves than by purchasers. We are always glad to aid our customers in their selections, when so desired, and will, upon request, cheerfully furnish additional information in regard to the adaptability and desirability of particular varieties.

Substitution—We desire to follow our customers' wishes in this respect, and have found that they generally wish us to substitute, to the best of our judgment, in case any varieties or sizes ordered are exhausted. We, therefore, substitute when necessary unless instructed to the contrary.

Printed Labels attached with brass wire to everything sent out.

We Guarantee all stock sent out to be well rooted, well grown, true to name, properly packed, and shipped according to instructions. Our liability under the foregoing guaranty is limited in amount to the original price received.

Claims—If, by any possibility, errors should occur, they will be promptly rectified, if claim is made within ten days after the receipt of the goods.

Extra-Sized Trees.

We use utmost care in grading to see that all trees and plants are fully up to or better than sizes called for in price-list. In addition to regular sized trees, we can furnish specimens of both fruit trees and ornamentals in extra large sizes, which we will quote upon application.

Trees in Pots and Tubs.

We now have, in splendid condition for house and lawn decoration, a fine lot of Orange and Kumquat trees in pots and tubs. Prices on these range from \$2.50 to \$3.50 each for potted trees and \$7.50 to \$12 for trees in tubs. These trees are quoted f. o. b. cars here. Particulars upon application.
